MEET OUR NEW STAFF NURSE!

*Chris Coffy, RN
Nurse/Clinic Manager*

Chris joined our team on October 27, 2020. Chris serves as the safety officer and has been a vital part of implementing Telehealth

services. We look forward to add additional medical services in the near future to better reach women considering abortion.

Chris is a long-time resident of the Ashland area and has served the local community as a nurse over the last 15 years. After obtaining her Associates Nursing degree from North Central State College in 2005, she later went on to complete her Bachelor of Science degree from Ashland University in 2011. After gaining experience as an Emergency Department staff nurse, she transitioned into management and also taught as an adjunct nursing instructor.

Advocating for patients and providing the best possible care is her absolute passion. This passion has led her to volunteer at the Ashland Christian Health Center, as well as, travel with a medical missions' team on three occasions to provide healthcare to remote villages in Ethiopia.

Chris is married to Brent Coffy, and they have six children and three grandchildren. Her family enjoys involvement in local business, church worship ministry, and other community organizations. For enjoyment, Chris loves spending time with her family, gardening, and cycling.
